

IT'S THE SAME SIZE SHAPE STRENGTH INGREDIENTS AS THE BRAND NAME DRUG

DELIVERING CONSISTENCY

GREENSTONE authorized generics are made under the innovator company's drug application. They contain the same active and inactive ingredients and are typically the same size, shape, strength, and color as the brand name drug*. For more than 20 years, GREENSTONE has been committed to delivering trust, partnership, and a consistent supply of the authorized generics you need, backed by a dedication to excellence in customer service. To learn more about GREENSTONE authorized generics, please visit www.GreenstoneLLC.com.

Go ahead. When dispensing, proudly tell your patients they are receiving a GREENSTONE Authorized Generic.
